

# wollaton dental care

## Could You Be the Missing Piece to Our Puzzle?

We are a fully private, independent, owner-managed dental practice in **Wollaton, Nottingham**, currently undergoing a **full renovation** due for completion in **August 2026**. We are creating a beautiful, modern clinical environment : five surgeries, CBCT/OPG, digital scanners, in-house same-day crowns (coming soon), a dedicated treatment coordinator and brand-new staff room facilities. As we grow, we are looking for the right clinicians to join our team: people who are kind, motivated, people-smart and genuinely love dentistry. No big egos or divas, just good people who care deeply about patients and want to do exceptional work together.

# Roles We're Hiring

## Part-Time Hygienist

Self-employed · 1.5–2 days per week to start

- Join a team of three existing hygienists
- Confident in both periodontal and maintenance treatments
- Values prevention and long-term patient relationships
- High standards of care are a must

## Orthodontist / GDP with Special Interest

Clear aligner experience essential

- Confident treating children and adults
- Starting with two days per month, growing steadily
- Built through inbound marketing and internal referrals
- Option to provide general dentistry alongside orthodontics

## Endodontist / GDP with Special Interest

Build a high-quality service

- Evolving role mainly through internal referrals
- Ideal for gradually adding sessions over time
- Modern private practice with advanced imaging
- Supportive team and excellent clinical environment

## Facial Aesthetics Clinician

Nurse (prescriber), doctor or dentist welcome

- Demonstrated facial aesthetics experience required
- Progressive opportunity, increase sessions gradually with demand.
- Nurses must hold independent prescriber status
- Growing patient base with strong referral potential

# Why Join Us?

We are a modern private practice built around reputation, excellent patient experience and genuine support for our clinicians. Our team, digital workflows and patient journey are all designed to help the right people grow sustainable private work in a progressive, efficient and rewarding environment.

We are investing heavily in the practice from advanced imaging and digital scanning to chairside workflow development. Our wider practice model is built on reputation, modern operations and continuous development for both the business and the individuals within it.

Working days are **negotiable** across all roles. We understand that the best clinicians often have busy careers and we are happy to build around the right person.

**Location:** Wollaton, Nottingham

· Self-employed basis

# What We Are Looking For

- Exceptional communication and people skills
- Excellent clinical skills and genuine love of dentistry
- Kindness, warmth and emotional intelligence
- A positive, motivated and collaborative mindset
- Commitment to continual learning and development
- Masters-level (or similar) study completed or actively in progress

# How to Apply

To apply, please email your **CV and a short video** to [simon.lawson@wollatondentalcare.co.uk](mailto:simon.lawson@wollatondentalcare.co.uk) in confidence. Tell us about your experience, your current role, your clinical interests and why you feel you would be a great fit for our team. We look forward to hearing from you.
